The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

## JPM Emerging Markets Fund B - Net Accumulation a Share Class of JPM Emerging Markets Fund a Fund of JPMorgan Fund ICVC

ISIN GB00B1YX4S73

The Authorised Corporate Director ("ACD") is JPMorgan Funds Limited

### Objective and Investment Policy

**Investment Objective:** To provide long term capital growth by investing primarily in equity and equity-linked securities of emerging markets companies.

**Investment Policy:** Emerging markets companies are companies that are incorporated under the laws of, and have their registered office in, an emerging market country, or that derive the predominant part of their economic activity from emerging market countries, even if listed elsewhere. Smaller companies may be held on an ancillary basis.

Other instruments as permitted in the stated investment and borrowing powers of the Company including, but not limited to, fixed interest securities, cash and cash equivalents may be held on an ancillary basis, as appropriate.

**Redemption and Dealing:** Shares of the Fund may be redeemed on demand, with dealing normally on a daily basis.

**Management Discretion:** The Investment Adviser has the discretion to buy and sell investments on behalf of the Fund within the limits of the Objective and Investment Policy.

**Benchmark:** The benchmark of the Fund is MSCI Emerging Markets Index (Net).

The benchmark is a point of reference against which the performance of the Fund may be measured. The Fund may bear little resemblance to its benchmark.

**Distribution Policy:** This Share Class will reinvest income.

**Recommendation:** The Fund may not be appropriate for investors who plan to withdraw their money within five years.

### Risk and Reward Profile

The above rating is based on the historic volatility of the Net Asset Value of the Share Class over the last five years and may not be a reliable indication of the future risk profile of the Share Class.

The risk and reward category shown above is not guaranteed to remain unchanged and may change over time.

A Share Class with the lowest risk rating does not mean a risk-free investment.

**Why is this Share Class in this category?** This Share Class is classified in category 6 because its Net Asset Value has shown high fluctuations historically.

#### Other material risks:

- ▶ The value of your investment may fall as well as rise and you may get back less than you originally invested.

- ▶ The value of equity and equity-linked securities may fluctuate in response to the performance of individual companies and general market conditions.
- ▶ Emerging markets may be subject to increased political, regulatory and economic instability, less developed custody and settlement practices, poor transparency and greater financial risks. Emerging market currencies may be subject to volatile price movements. Emerging market securities may also be subject to higher volatility and be more difficult to sell than non-emerging market securities.
- ▶ Movements in currency exchange rates can adversely affect the return of your investment.
- ▶ Further information about risks can be found in "Part 11: Risk Warnings" of the Prospectus.

## Charges

### One-off charges taken before or after you invest

**Entry charge** None

**Exit charge** None

This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.

### Charges taken from this Share Class over a year
